- Missing school increases the chance that your student will not read or master math at the same level as their peers.
- Students can still fall behind if they miss just a day or two days every few weeks.
- Being late to school may lead to poor attendance.

What Can You Do?

- Set a regular bedtime.
- Do not schedule medical and dental appointments or vacations during school.
- Don't let your child stay home unless they are truly sick.

Send me to school if...

- I only have a runny nose or a little cough.
- I haven't taken any fever reducing medicine in 24 hours.
- I do not have a fever.
- I haven't thrown up or had diarrhea in 24 hours.
