

Bell Times Advisory Committee

School Board Recommendation

February 23, 2021

December Board Update

- Committee Purpose
- Equity Lens
- Committee Composition
- Agenda Topics
- Next Steps

Following Actions

December Meeting

The committee reviewed and discussed the academic research.

Surveys

Surveys were sent to families, staff, and students.

January Meeting

The committee reviewed the survey data and formed a recommendation.

Website

All the meeting agendas, minutes, survey data, and presentations are found under the community tab on our website.

Student Survey Results

Response and Results

- 1,919 Responses from Grades 9-12
- 74.7% Keep Current Schedule

Outcome Beliefs

If the high school bell times were shifted to later in the day, students believed the following would occur:

- Positively impact their sleep and academic performance.
- Negatively impact their activity and work schedules.

Family and Staff Survey Results

Response and Results

- 3,709 Total Responses, 2,980 from Families, and 1,099 from Staff
- 75.5% Keep Current Schedule

Primary Concerns

- Parent Work Schedules
- Student Activity and Work Schedules
- Too Early for Elementary Students

Recommendation and Factors

Recommendation

To maintain our current bell times for all grade levels.

Factors

- Transportation Costs
- ELL Student Transportation Times
- Family Schedules
- Student Schedules
- Elementary Start Times
- Community Access of District Facilities
- Survey Results
