SCHOOL PSYCHOLOGIST INTERN
STANDARD POSITION DESCRIPTION

Classification: Classified
Location: Assigned Schools

Reports to: School Psychologist Mentor and Administrator Responsible for Special Services
FLSA Status: Exempt

Bargaining Unit: NTPS

This is a standard position description to be used for interns working towards certificated positions with similar duties, responsibilities, classification and compensation. Interns assigned to the position description may or may not be assigned all of the duties identified herein.

This job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.

Part I: Position Summary:

The Special Education Department at North Thurston Public Schools strives to provide a School Psychology internship that is aligned with the National Association of School Psychologists (NASP) guidelines and allows for a comprehensive experience in multiple school settings and practice domains.

In order to ensure a quality internship, the intern will be assigned to a qualified supervisor whose training and experience adheres to the NASP standards. The supervisor will assist in planning and securing experiences for the intern outside of the supervisors assigned setting/s.

The intern’s experience will include opportunities to work in a variety of settings with children and adolescents from varying backgrounds, abilities and disabilities, characteristics, and needs.

As part of the intern’s educational experience he or she will be able to provide direct and indirect services under supervision including, but not limited to; administration of standardized assessments, completion of evaluation reports, observations, consultation with educational staff, and participation in school based teams. No one setting or activity will dominate the intern’s time.

In developing the intern’s plan, previous practicum and/or fieldwork experience will be considered in order to provide a well-rounded internship with experience at several levels (preschool, elementary, middle, and high).

Duties are performed in accordance with standards of professional practice, district/state board of education policies and procedures and state law regarding psychology practice.

The intern will be a School District employee and as such the primary responsibility shall include student safety and appropriate collaboration and attention to each student’s readiness to learn including needed guidance and welfare. Employee may work in a variety of elementary and/or secondary educational, individual or team settings.

The District represents a diverse community with a population of approximately 40% students with diverse backgrounds. We seek an individual who has successful experience in working with culturally
diverse families and communities. The selected candidate must demonstrate a commitment to strengthening community engagement and communication with the District’s diverse populations.

**Part II: Supervision and Controls over the Work:**

The employee works with a high level of collaboration with mentor to foster eventual independence under the general supervision of Special Education. The employee’s work is governed, controlled, and evaluated by acceptable professional practice, school and district policies and regulations, provisions of Washington Administrative Code and Revised Code of Washington, direction of the supervisor, and performance standards and expectations as set forth in the collective bargaining agreement.

**Part III: Major Experiences and Responsibilities listed may include, but are not limited to assisting with duties in the following:**

1. As a school psychologist intern:
   1) Assist with providing counseling, instruction, and mentoring for those struggling with social, emotional, and behavioral problems.
   2) Assist with increasing achievement by assessing barriers to learning and determining the best instructional strategies to improve learning
   3) Assist with promoting wellness and resilience by reinforcing communication and social skills, problem solving, anger management, self-regulation, self-determination, and optimism.

2. Work With Students and Their Families to assist in the following:
   1) Identify and address learning and behavior problems that interfere with school success
   2) Evaluate eligibility for special education services (within a multidisciplinary team)
   3) Support students’ social, emotional, and behavioral health
   4) Teach parenting skills and enhance home–school collaboration
   5) Make referrals and help coordinate community support services

3. Work with teachers to assist in the following:
   1) Identify and resolve academic barriers to learning
   2) Design and implement student progress monitoring systems
   3) Design and implement academic and behavioral interventions
   4) Support effective individualized instruction
   5) Create positive classroom environments
   6) Motivate all students to engage in learning

4. Work With Administrators to:
   1) Assist with collection and analyzing data related to school improvement, student outcomes, and accountability requirements
   2) Assist with implementing school-wide prevention programs that help maintain positive school climates conducive to learning
   3) Assist with promoting school policies and practices that ensure the safety of all students by reducing school violence, bullying, and harassment
   4) Assist with responding to crises by providing leadership, direct services, and coordination with needed community services
   5) Assist with the design, implementation, and garner support for comprehensive school mental health programming
5. Work With Community Providers to:
   1) Coordinate the delivery of services to students and their families in and outside of school
   2) Help students transition to and from school and community learning environments, such as residential treatment or juvenile justice programs

6. Participates as crisis team member and provides crisis intervention for students and staff in the advent of sudden illness or injury.
   1) Assist with making appropriate assessments and referrals for suspected abuse/neglect as a mandated reporter.

7. Maintains communication with administrators, teachers, other school personnel, and parents/guardians to enhance cooperative action, which will meet the health and safety needs of students.

8. Initiates contact with and acts as a liaison between the home, school, community health agencies and the private medical sector to enhance the health and wellness of the school community.

9. Maintains confidentiality regarding all school and health-related issues.

10. Participates as a member of the multidisciplinary team in the identification, evaluation, and placement of students into special education programs. Writes the health component of the Individual Education Plan as indicated.

11. Recommends modifications of the school program for students who require accommodations.

12. In performing the above duties, works collaboratively in a professional learning community with other teachers, support staff, and others as appropriate, in addressing the needs of students, developing effective practices, and developing and implementing best practices.

13. Actively participates in faculty and grade level or department meetings, assist building efforts to plan, budget, implement, and evaluate the school’s program and to do related work as required. In carrying out these responsibilities, follows school policy and procedures, standard practices, and approved curriculum, and will actively and positively support the district vision.

14. Is constantly observant of the needs and challenges of students and promptly engages an administrator or appropriate educational staff associates when the there is reason to suspect or reasonably believe that a student is at risk or in danger due to such issues as bullying, sexual harassment/misconduct, depression or suicide ideation, or academic failure. The teacher serves as a positive role model for students and practices the behaviors that are expected of students.

15. Assists in the supervision of students at school activities and events. Remains vigilant of students throughout the school day and the school location, taking the initiative to engage students when students are acting inappropriately or in inappropriate locations for the time of day.

16. Establishes a professional growth plan and annually review the plan and progress with the administrator.
17. Required to follow Board policies and stay abreast of updates and changes.

18. Performs other duties as assigned.

**Part IV: Minimum Qualifications:**

1. Interns must have successful experience in working with culturally diverse families and communities, or have otherwise demonstrated a commitment to strengthening engagement of a diverse community and skill in communicating with a diverse population.

2. Completion of an accredited School Psychology Program with only the internship requirement remaining.

3. Ability to understand procedures and function in a school system with regard to the special education play in the overall education of the student.

4. Prior experience in public school is desirable.

5. Ability to work cooperatively with students and their parents, district staff, and community members who are culturally, racially, and linguistically diverse.

6. Ability to effectively communicate with parents, students, and staff verbally and in writing.

7. Commitment to collaboration and teaming and effectiveness in working within a professional learning community.

8. Evidence of continuous professional learning and a commitment to participate in professional growth opportunities and self-reflection on professional practice.

**Part V: Desired Qualifications:**

1. Bilingual skills.

2. Successful experience in a diverse student environment.

3. Successful experience in a team environment.

**Part VI: Physical and Environmental Requirements of the Position:**

The physical demands and work environment described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The employee must lift and/or move 25 to 50 pounds, and may assist, move, or restrain students with greater weight when required to intervene in student safety issues.

While performing the duties of this job, the employee is frequently required to sit, lift, carry, move about, hear and speak.
Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and the ability to adjust focus. The noise level in the work environment is usually moderate, or consistent with the subject being taught, but can be abnormally loud on occasion.

While performing the duties of this job, the employee may occasionally work in outside weather conditions and be exposed to wet and/or humid conditions, temperature fluctuations, fumes or airborne particles, toxic or caustic chemicals commonly used in instruction and/or cleaning. It may be expected that the individual could be exposed to blood or other potentially infectious materials during the course of their duties.

The employee may be exposed to infectious disease as carried by students. The employee may be required to travel on school owned or leased vehicles while supervising and assisting students.
